

UC RIVERSIDE - Student Comments of Instructor,
Discussion Courses - Fall 2022

Course: MATH 010A Section: 014 - CALCULUS:SEVERAL
VARIABLES

Instructor: Chris Grossack

Question # 18: YOUR CONSTRUCTIVE COMMENTS ON YOUR GRADUATE STUDENT INSTRUCTOR'S TEACHING SKILLS ARE EXTREMELY IMPORTANT. PLEASE WRITE YOUR COMMENTS IN THE TEXTBOX BELOW. PLEASE LIMIT YOUR COMMENTS TO 2000 CHARACTERS.

- Chris is a dedicated TA who is passionate about Calculus and has explained things in good detail. He makes complicated topics understandable and I very much appreciated his hard work. Thank you Chris, you made me pass this class.
- I liked Chris a lot! When I was struggling I reached out to them and they did help me out with things to keep in mind for the future when studying! They were also very good at breaking problems down into something I could understand.
- C was a good TA. They were pretty honest about the relevancy of a lot of these functions we were learning; a lot of them serve few purposes beyond just gaining knowledge. Also made our discussions a very relaxed environment where we could work and ask questions as need be, I was always productive this way.
- GREAT TA!!!!!!!!!!!!
