- Great teacher overall. Hire them again!
- Very sweet person, I enjoyed attending discussion because I knew I would get the help I needed. Although she can improve on the structure of her review sessions, I feel the students didn't really listen and she was too kind to get upset at them.
- The student instructor had great enthusiasm and was energetic about the course in which he was teaching, encouraging students to learn and regularly attend class. She made learning materials accessible and engaging allowing students to adequately prepare for exams and quizzes. Furthermore, the materials, lectures, and syllabus clearly reflected the curriculum making it easier to navigate through the course.
- I think the professor taught well.
