

UC RIVERSIDE - Student Comments of Instructor,
Discussion Courses - Winter 2023

Course: CS 011 Section: 005 - INTRO TO DISCRETE
STRUCTURES

Cross Course: MATH 011 Section: 005

Instructor: Chris Grossack

Question # 18: YOUR CONSTRUCTIVE COMMENTS ON YOUR GRADUATE STUDENT INSTRUCTOR'S TEACHING SKILLS ARE EXTREMELY IMPORTANT. PLEASE WRITE YOUR COMMENTS IN THE TEXTBOX BELOW. PLEASE LIMIT YOUR COMMENTS TO 2000 CHARACTERS.

- Really good TA. Even if the discussion was optional, the TA taught me more than the professor. Really listen to our questions and answers it as well! Great TA :)
- Walked through conceptual problems well and gave multiple examples to help students fully understand the material
- I feel like I learned more attending discussion that I did lecture most of the time. In the beginning, the material wasn't as abstract, but as the course progressed and I found out I was struggling, I think the discussion helped a lot. I think it's good that you ask students what they need help with and answer it swiftly and with just the right amount of detail, but you're also willing to go more in depth. Over all, I think that your teaching skills are quite good.
