

UC RIVERSIDE - Student Comments of Instructor,  
Discussion Courses - Winter 2022

Course: MATH 140 Section: 002 - POLYNOMIALS AND  
NUMBER SYSTEMS

Instructor: Chris Grossack

**Question # 18:** YOUR CONSTRUCTIVE COMMENTS ON YOUR GRADUATE STUDENT INSTRUCTOR'S TEACHING SKILLS ARE EXTREMELY IMPORTANT. PLEASE WRITE YOUR COMMENTS IN THE TEXTBOX BELOW. PLEASE LIMIT YOUR COMMENTS TO 2000 CHARACTERS.

- Chris is a great TA. His enthusiasm for math and humorour attitudes/personality really made the class enjoyable and understandable. He does a really good job of answering all parts of any questions I had, and he was super helpful in office hours in clarifying any questions i had on the homework. However, the one thing I think he should improve on is posting discussion notes onto canvas. It seems that he forgets to do it sometimes, and it really sucks because I won't remember or know what help he offered during discussion, especially since I sometimes cannot make it to discussion.
- I am really sad that I wasn't able to create a much better bond with because you honestly saved my grade multiple times! I feel like I would have not been able to pass this class and my other classes I had with you! THANK THANK SOOOO MUCH AND I WISH YOU THE BEST ON YOUR ENDEVERS!
- Honestly such a wonderful person. Always there for you when you need help and breaks down difficult concepts quite easily for you.
